

ShelterBox

Rotary

Our ShelterKits are versatile and flexible, so they can be used to help more families whose communities have been damaged, but not completely destroyed.

They contain essential materials to help families repair and rebuild their homes, and create emergency shelters too.

Tarpaulin

Two sheets of heavy duty tarp can be used to restore walls or roofs

Rope

A universal essential, it can make shelters secure and stable

Essential tools for building

Shovel

This can prepare foundations for a shelter or dig drainage ditches

Handsaw

The saw will enable people to use timber or bamboo if it's available

Hoe

This tool can prepare the ground and later be used for farming

NO FAMILY WITHOUT SHELTER.
